YOUR HEART SUNDAY VOLUNTEER - AND YOU

Heart Sunday will be observed in Appomattox on February 22. Your Heart Sunday Volunteer will be calling on you between 2:00 and 3:0 0P. M. to collect your contribution to the 1959 Heart Fund drive, presenting an envelope in which you may place and seal your gift.

There will be 25 volunteers calling at all households in virtually every section of the town. We are proud of these volunteers, for they are generously contributing their energy and several hours of their Sunday afternoon leisure to help the local Heart Association serve the community through combatting heart diseases, our leading cause of death.

Taking pride in the dedicated work of our Heart Sunday collectors, however, is not enough. We must do more. We must greet them warmly and make them welcome when they ring our doorbells. When they hand us our Heart Sunday contribution envelopes we should give gratefully and wholeheartedly, for our gifts are not only in recognition of the volunteers' efforts but an investment in the welfare of our community where the Heart Fund throughout the year helps to save hearts and lives.

Each of us must decide individually the size of the gift that we seal in our Heart Sunday envelopes. When you make your decision, remember that the heart diseases are our leading health menace; that we still do not know the specific causes of high blood pressure and hardening of the arteries, which are responsible for 90 per cent of all cardiovascular disease; that we can expect to find the answers only through expanded research, and that the Heart Association, supported by the Heart Fund, gives top priority to a program of research conducted in universities, hospitals and laboratories throughout the nation.

Remember these facts and make your Heart Sunday contribution a generous one. Give for yourself and for each heart in your family.

Heart Sunday will also be observed in Pamplin on Sunday, February 22. This activity will be under the direction of Mr .W. C .Dudley.

CHECK EQUIPMENT SPRING PLOWING NEAR

Check your plows for needed service and adjustment! You'll be ahead of the game when spring plowing time comes, says Easley S. Smith, assistant agricultural engineer at VPI.

He says it isn't enough just to replace dull or worn plow shares. All parts should be kept in proper operating condition. Repair or replace all broken ,worn, or sprung parts. Check for proper adjustment. Adjusting a plow is a fairly simple job, once you know what adjustments are provided and how to use them. Study the manual prepared by the manufacturer.

In FASHION now

Are you one of the lucky ones planning a trip abroad this spring or summer? If so, be sure to check with your travel agent, airline or steamship company about the temperatures in every country you plan to visit. Then — provide for the unexpected, too.

You should have a light raincoat, a warm sweater and a large carry-all handbag. Concentrate on a basic color scheme. Red, white and black might be one practical and pretty suggestion.

Leave clothes at home that are fragile, fussy or wrinkle prone.

For Europe and the Middle East, take the same kind of clothes you would wear in any large American city. The Orient is very hot, so comfort in dress is more of a consideration there. Leave slacks, shorts and casual sundresses at home unless you plan to visit a beach resort. Most conservative Latin countries frown on such attire.

A good black dress is a must. Knits for daytime adjust well to every sort of climate, whether they are pure cotton or combined with silk or nylon.

A light coat of some kind is wise. A chiffon scarf for windy days and a small veil for the church-es and Cathedrals you may want to visit will be neecssary. Take two pairs of comfortable sightseeing shoes and one pair of pumps for evening.

A long dress is rarely needed except where you will attend formal occasions.

Just keep in mind that too much baggage has kept many a traveler from enjoying a trip — you can always buy what you need along the way.

Spout Spring

Spout Spring.- Mr. Walker Walton visited Mr. and Mrs. John Walton Sunday.

Mr. and Mrs. Robert Ashworth, of Lynchburg were guests of Mr. and Mrs. Harry Reynolds Saturday evening.

Mrs. Pauline Thomas, who has been on the sick list for some time, is improving.

Mr. A. B. Carson, who has been a patient at the Memorial Hospital, has returned home, much improved.

Mr. George Carson visited Mr. Street Thornhill Sunday afternoon.
